Octet Corp Business Partners

Navisite
www.navisite.com

As a managed application hosting provider, NaviSite provides the facilities, equipment, and expertise needed to launch and sustain a company's web business. Unlike traditional hosting companies, NaviSite manages the expensive, time-consuming functions of its clients' sites, allowing our customers to focus on their core competencies.

Information Builders
www.ibi.com

Information Builders is one of the largest independent software companies in the world. Information Builders' market-leading enterprise integration solutions play a key role in many partnerships. With the ability to access more than 85 information sources — including business processes, packaged applications, custom applications, and enterprise data — they

link e-business systems with complex back-office environments.

Kent Data
www.kntdata.com

Kent Datacomm develops total "end-to-end solutions" for voice, video and data networks, as one of the country's leading integrators of data communications products and services providing solutions for customers' Local Area Networks (LANs), Wide Area Networks (WANs) and Premise Wiring Systems.

IONA
www.iona.com

Enterprise Portals are becoming the new access points for tomorrow's Internet, and IONA is leading the way in helping companies take advantage of it. Products: iPortal Application Server and Orbix 2000

Venture Vortex
www.vortex.com

Venture Vortex, the world's first Community Venturing Platform™, a unique combination of collaboration tools and knowledge services. Venture Vortex pioneered the concept of the online community of practice for entrepreneurs and investors, and now plans to launch its VentureBuilder Platform™, a Web-based business plan assessment tool and a "distributed due diligence network" of experts.
